Volunteers Creating Our Future

Collegeville Main Street follows a comprehensive, four-point approach recommended by the National Trust for Historic Preservation.

Four volunteer committees work with the Main Street Manager to implement programs, create partnerships, improve the attractiveness of the downtown, ensure economic growth, and create a foundation upon which the organization can continue to work on behalf of residents and businesses. Proven Main Street programs have relied upon, and been driven by, the support of the communities they serve.

You can help create and achieve our vision by volunteering for one of our active committees.

Design

Working to create an attractive, coordinated, and quality image of the downtown by capitalizing on our town's unique assets and heritage.

Economic Restructuring

Working to create an improved retail mix, a stronger tax base, increased investor confidence, and a stable role for the downtown as a major contributor to the community's economy.

Promotion

Working with businesses to market Main Street as a quality business district that serves as the center of activities, goods, and services for the region.

Organization

Working to establish volunteer networks, develop partnering opportunities with other regional organizations, create effective communications, and expand funding opportunities.

Membership

Collegeville Main Street is working to create an attractive and pedestrian-friendly community in which businesses, residents, and visitors come together to meet, dine, and shop. Together we can reach this goal.

Our membership categories allow individuals and businesses to participate at a level that is appropriate yet significantly contributes in an important way to reach our common goals. Your tax-deductible contribution will help support our efforts and our community. Please join us.
